# Advisory Circular

---

1. Purpose. This circular transmits the revised checklist of Federal Aviation Administration (FAA) Advisory Circulars (AC's). It also lists the current status of certain other FAA publications sold by the Superintendent of Documents, U.S. Government Printing Office (GPO). This checklist is published on an annual basis in October. However, an increase in the number of AC updates necessitated an earlier issuance date of the checklist.

Subject: ADVISORY CIRCULAR CHECKLIST  
20-28 Cancellation. AC 00-2.7 dated October 15, 1993, is canceled.

3. Explanation of AC system. The FAA issues advisory circulars to inform the aviation public in a systematic way of nonregulatory material of interest. Unless incorporated into a regulation by reference, the contents of an advisory circular are not binding on the public. <sup>(and Status of Other FAA Publications)</sup> Advisory circulars are issued in a numbered-subject system corresponding to the subject areas of the Federal Aviation Regulations (FAR's) (Title 14, Code of Federal Regulations, Chapter I, Federal Aviation Administration). An AC is issued to provide guidance and information in its designated subject area or to show a method acceptable to the Administrator for complying with a related Federal Aviation Regulation.

4. The Advisory Circular Checklist.

a. General. The checklist is divided into six appendices. Appendix 1 provides a cancellations and additions listing. Appendix 2 gives information

on the title and the issuance date for each circular shown. A brief explanation of the contents is given for each listing. For cross-referencing purposes an alphabetical section is provided as Appendix 4. To make it easy for the user, a listing of FAA publications sold by GPO is provided in Appendix 5. You'll find it easy to order the desired publications by using the handy order forms/blanks located in Appendix 6 of this checklist.

Date: 6/15/94

AC No:

b. Omitted numbers. In some series, some consecutive numbers are missing. These numbers were assigned to advisory circulars still in preparation which will be issued later or were assigned to advisory circulars that have been canceled.
